The PLSE Partner's personal information may be made available to individuals and organizations affiliated with, or approved by PLSE and/or the PCUSA for the purposes of informing and educating him or her regarding Christian vocation and discernment opportunities within the PCUSA. For example, PLSE Partners may be notified about PCUSA seminaries, sites visit weekends, job opportunities such as summer internships within PCUSA churches, and educational and social activities and events that may be of interest to the young people whom they serve. PLSE will use personal information only in a manner consistent with the mission of PLSE and will not give information to individuals or organizations not affiliated with, or approved by PLSE or the PCUSA.

However, PLSE may share non-personally identifiable information in the Presbyterian Leadership Partner Database with others doing research or evaluation of the program overall. In addition, it is possible, though unlikely, that PLSE would be required to release information in order to comply with any valid legal process or court order.

If PLSE Partners wish to have personal information removed from the Presbyterian Leadership Partner Database at any time, please write or email the PLSE Coordinator. Within 30 days of receipt of such request, information will be removed from the Presbyterian Leadership Partner Database and the PLSE Partner will receive confirmation of such removal.
