

To: Minister members of denominations other than the PCUSA who are not seeking to transfer denominational membership

From: PCUSA Call Referral Services staff

The PCUSA Call Referral System serves Presbyterian clergy, candidates, and those ministers who are in the process of becoming PCUSA clergy. Since you are not one of those, we regret to inform you that we cannot allow you to circulate a Personal Information Form through this system.

Ministers from other denominations may only serve Presbyterian (USA) churches at the discretion of the presbytery and under certain circumstances. You may indicate your willingness for service by contacting the PCUSA presbytery

If you are a minister of a Formula Partner denomination (Reformed Church in America, Evangelical Lutheran Church in America, and the United Church of Christ), you may serve as installed or temporary pastor of PCUSA congregations by invitation from a presbytery. If you are interested in such service, you are encouraged to talk with your own judicatory of membership and then with that support, make yourself available to PCUSA presbyteries in which you are able to serve.

At the invitation of the presbytery, ministers of other denominations may serve in temporary positions (such as Interim Pastor or Temporary Supply). If you wish to be considered for such service, you should contact the Executive Presbyter of the presbytery, rather than contacting a congregation directly. PCUSA presbytery websites are listed at www.pcusa.org/links/pressynod or call 1-888-728-7228 ext 8550 and we will give you presbytery office contact information.

We regret that we cannot serve you with in this way, but wish you well as you seek God's call to a new ministry.
