

ANALYZING COMMITTEE ON MINISTRY EFFECTIVENESS

Analyze your COM by rating it on a scale from 1 to 7 (7 being what you would consider to be ideal) with respect to each of the variables below. Then, with the rest of the group, discuss in depth the situation with respect to each variable, paying particular attention to those for which the average rating is below 5 or for which the range of individual ratings is particularly wide. Formulate some ideas as to **why** these perceptions exist. The “whys” are very important for the success of your COM.
