

Thousands of volunteers are helping clean, repair and rebuild in communities throughout the United States affected by hurricanes, storms and flooding.

A gift has been sent in your honor to Presbyterian Disaster Assistance. May the knowledge of this gift and God's gift of love fill you with peace during this special season and in the new year to come.

Presbyterian Disaster Assistance enables congregations and mission partners of the Presbyterian Church (U.S.A.) to witness to the healing love of Christ through caring for communities affected by crises and catastrophic events.
