

Bulan
The Moon

Bulan.....

The moon.....

Di kala menjelang malam
When the night comes
Engkau muncul di balik awan
You showed up from behind the clouds
Kau nampak malu-malu
You look shy
Engkau menyelimuti bumi ini
But you cover this earth
Dengan cahayamu
With your light

Bulan.....

The moon.....

Engkau hadir di antara seribu
You are exist among thousands
bintang-bintang
stars
diantara mereka
amongst them
Engkaulah kebanggaan hatiku
You are my pride

Bulan.....

Moon.....

Tak puas-puasnya aku memandangmu
I will never stop looking at you

Bulan.....

Moon....

Dekatkan aku dengan penciptamu.
Take me close to your creator

Semoga kalian
Hopefully you
tetap tersenyum
keep on smiling
selalu.

Wasalam.
Regards
Dari kawanmu
From your friend
