

Así Creemos

A resource for Spanish speaking and Bilingual children

Hola! My name is Marissa Galván-Valle and I'm the Associate for Resources and Relationships with Hispanic / Latino Constituencies of the General Assembly Council of the PCUSA. It is my genuine pleasure to be responsible for the development and production of *Así Creemos*, our Spanish language curriculum for children.

Ministry with Latinos and Latinas is growing in our denomination at a pace of the new churches each year. I'm convinced that it is vitally important to offer resources and curriculum in Spanish to our congregations to help them nurture and center the children in the true significance of our Reformed theology. *Así Creemos: La Palabra de Dios para el Pueblo de Dios* was intentionally created to support Hispanic congregations, congregations with interest in working with the Latino population and churches that are interested or have mission partnerships with churches in Spanish speaking countries.
