### Living Water

"If you knew the gift of God, and who it is that is saying to you, 'Give me a drink,' you would have asked him, and he would have given you living water." (John 4:10)

The Rev. Joseph Juma pumps water for the children at the village of Mphulu in Mozambique.

In Tete Province, Mozambique, we preach the gospel in word and in deed by assisting communities to dig wells. Deep wells are necessary in this area, and special equipment is needed in order to reach the pure water. To survive in Tete Province you need clean water from deep wells and in-depth Christian discipleship in the living Word of God. Paul says in 2 Timothy 3:16-17 that this Word of God can thoroughly equip a person for all that he or she is called to do and be. The combination of God's

Word and life-giving water is powerful medicine in this poverty-stricken country. Though not all live in poverty, all are thirsty. Jesus said, "Let anyone who is thirsty come to me, and let the one who believes in me drink. As the Scripture has said, 'Out of the believer's heart shall flow rivers of living water.'" (John 7:37-38)

It is said that polluted water accounts for 80 percent of the world's disease. Therefore, if we can help people find pure water, we can greatly reduce the incidence of disease in their villages. The wells we help to dig are truly life-giving. We have dug nine wells so far and hope to finish another eight before the end of the year. I wish you could see the joy on people's faces when they come to the well for water.

Your prayers are like life-giving water as you pray for the development of holistic Christian villages with clean water and the living water of Jesus Christ.
